for the Social Studies (JERASS)

Aims and scope

The **Journal of Social Studies Education in Asia (JSSEA)** aims to make connections among the international fields of social studies education in Asia. JSSEA focuses on general trends and major shifts in curriculum and pedagogy, policy, and practices of students and teachers regarding social studies education in Asian countries. As the impact of globalization is felt at local, national, regional, and international levels, the role of social studies education and citizenship education is gradually changing in each context of Asia. JSSEA stimulates innovation and debate, promotes theoretical development in the field, and encourages reflective practice. This will expand our knowledge and understanding of the purposes, conditions, and effects of social studies education in Asian countries.

JSSEA welcomes high-quality submissions that report conceptual, empirical or historical research on social studies education in Asian countries. Manuscripts reflecting a wide range of perspectives, topics, contexts, and methods regarding social studies education, including interdisciplinary and multidisciplinary work, are welcomed.

JSSEA consists of four parts:

- Special Issue
- Articles
- Reviews of Policy, Practice and Research
- Book/Journal Reviews

Why publish in JSSEA?

JSSEA is co-published by **ISSA** (the International Social Studies Association (<http://jerass.com/jssea/>)) and **JERASS** (Japanese Educational Research Association for the Social Studies <http://jerass.jp/eng/>). The editorial team is supported by a strong international Editorial Board and Advisory Board. As an open access journal, JSSEA is available to a wide global audience. The format ensures that the journal remains sustainable and accessible to both contributors and readers. By publishing in this Asian journal, authors will enable their research and scholarship to reach an optimum audience in Asian countries and across the world.
